

Eddleston District Community Council

Tweeddale Old & New Horizons

Old & New Horizons is organised by Otto Grant and a team of volunteers in association with the Tweeddale Association of Voluntary Organisations (TAVO). Its aim is to provide regular outings in the Tweed Wheels vehicles for all residents of Tweeddale whose opportunities for independent travel are restricted.

This year's programme starts on 22nd March and concludes on 15th November with trips to the ever-popular Dobbies Garden Centre which incorporates Butterfly World.

In between there are trips almost every week to locations as varied as the Ocean Terminal Complex in Edinburgh and the Falkirk Wheel. An experienced carer accompanies all excursions and participants are picked up from & returned to their front door.

Costs vary but the average is around £5 per trip depending on the distance and whether or not the mini-bus is full.

To book a trip, phone the TAVO offices on 01721 723123 Monday – Friday 9.30 – 12 noon. While a similar, but less frequent, service to the Eddleston community wasn't popular enough to be viable, these trips are very popular so you are advised to book promptly. Please also let them know if you book a place and later find you are unable to go.
